

Dr. Pamela Huerter

Pamela Huerter received both her undergraduate and medical degrees from the University of Kansas. She did her residency training in family medicine at Atlanta Medical Center in Atlanta. As part of her training, she completed a three-year course in Community-Oriented Primary Care and received awards for her research in the use of alternative medicine.

A native Kansan, Dr. Huerter was thrilled when asked to return to Lawrence to join the practice at Lawrence Family Medicine & Obstetrics. Married to fellow physician Eric, she is the proud mother of three sons: Finnegan, Maxwell and Jack.

Her trusted associate, Shelly Bennett joined Dr. Huerter in May 2010. She is married to David and they have two cute daughters Ada and Madeline Jane, three dogs plus a cat.
